

Lake Crest HOA Rules and Regulations

Membership in the Lake Crest Homeowners' Association is mandatory for all Lake Crest property owners. When you become an owner or resident of property in the Lake Crest community, you agree to abide by the rules and regulations as set forth by the Lake Crest HOA governing documents. The purpose of these rules is to provide a basis for protecting the member's equity in Lake Crest and to provide a framework within which people can live in a peaceful group situation. Specific purposes of these rules include:

Enforcing the community's maintenance standards, policies and rules in a fair and diplomatic way

- Protecting, enhancing and promoting the purposes of the Lake Crest HOA
- Governing the use of common areas and amenities
- Establishing architectural guidelines and design standards to ensure the compliance with the overall design scheme of the community (**ARC**)
- Establishing rules for use of all common facilities
- Protecting and preserving the property and assets of the Association and its owners

These rules supplement the Architectural Standards set forth in our Covenants. Most rules are merely expressions of courtesy and consideration for neighbors and a respect for the investment in our HOA. If the idea of enforced maintenance and restricted property usage is not a desirable qualification for a new home purchase, then the potential home buyer should not consider making a move to our community requiring participation in the Lake Crest HOA.

Enforcement and Remedies

Violations or breaches of the Lake Crest Homeowners' Association Rules and Regulations or the Covenants will be brought to the attention of a homeowner/ resident by the ARC or the Association's Board (or its designee).

- Each month the management company contracted by the HOA will ride through the neighborhood and record properties in violation. Letters to the homeowner /resident will be sent when a violation is first detected; however, in cases that the HOA determines the need for immediate attention or a possible danger to others, the HOA reserves the right to notify the homeowner/ resident immediately and require he or she remedy the situation. The homeowner/resident may also ask the HOA in writing within 15 days of date of the notice of violation to allow for more time to remedy the violation.

- During the next ride or no more than 30 days later, if the same issue is recorded for the same homeowner/resident, a fine of \$100 will be assessed.
- Each month thereafter an additional \$100 fine will be added until the issue is corrected.

The Lake Crest HOA fervently hopes never to assess a fine. Our overall goal is to help the neighborhood remain clean and beautiful, protecting the investments of all residents equally.

The failure of the Lake Crest Homeowners' Association to enforce any of the Covenants is not a justified reason for the continuation of any violation of the Covenants. This applies whether or not the ARC was in existence at the time the violation occurred. The Covenants shall remain in effect at all times, and may be enforced at any time at the discretion of the ARC and the Lake Crest Homeowners' Association Board of Directors.

In the event of a violation or breach of any condition and/or restriction as set forth in the Covenants, the Lake Crest Homeowners' Association (or any homeowner in good standing) shall have the right to proceed at law or in equity to compel any such violation or breach.
